STAT

SUBJECT

: Review of ER Files Pertaining to the
Warren Commission

Per your request of 9 October to B. C. Evans, Executive Registry's files pertaining to the Warren Commission have been reviewed this date. These files consist of two folders each identified "K-2.1 Warren Commission;" one folder covers the period 1963-1971, the other 1972 to date. There is no record in these files of any memorandum originated by the DCI or any other individual requesting CIA cooperation with or support to the Warren Commission. Included in the 1963-1971 folder, however, is a 7 December 1964 letter from Chief Justice Warren (as Chairman of the Warren Commission) to DCI McCone thanking "...all those in the Agency who rendered such wonderful service to us throughout the many months of our endeavors." A similar letter of appreciation dated 16 November 1964 from Warren Commission General Counsel Rankin to Mr. McCone is also included. The two folders are available for your review should you so desire.
